ABOUT

I am committed to improving lives through design. My experience as an Industrial Designer taught me how empathize with users and recognize their pain points. My experience designing software has taught me how to think systematically, to validate designs through testing, and embrace hypothesis driven design in an agile environment.

WORK EXPERIENCE

BLUEMIX GARAGE - DESIGN CONSULTANT   New York, New York
I design disruptive products for IBM Clients using IBM Design Thinking combined with Agile methods.
June 2015 - Present

IBM CLOUD - UX DESIGNER   Austin, Texas
Designed the security functionality and features for the IBM Bluemix and SoftLayer Cloud Platforms.
June 2015 - September 2016

FAHRENHEIT DESIGN - ID INTERN   Austin, Texas
Worked closely with the Dell Enterprise designers, other smaller local startups, and internal projects.
June 2014 - September 2014

WHIRLPOOL ADVANCED DESIGN - ID INTERN   Chicago, Illinois
Involved in all parts of design process for blue-sky products as the only intern on the advanced design team.
January 2014 - June 2014

BYU ATHLETIC DEPARTMENT - GRAPHIC DESIGNER   Provo, Utah
Created marketing material for print, web, social media, and branding installations in the athletic facilities.
June 2013 - January 2014

BYU LEARNING SUITE - UI/UX DESIGNER   Provo, Utah
Designed new workflow, features, and UI elements for BYU's internal learning management software.
June 2012 - April 2013
